

# Report on the Workshop on Academic Transformation Fund (ATF) at UAP

*Date of Event: December 31, 2024*

*Organized by: Institutional Quality Assurance Cell (IQAC), University of Asia Pacific (UAP)*

A successful workshop on the Academic Transformation Fund (ATF) was held at the University of Asia Pacific (UAP) on December 31, 2024. This workshop, organized by the Institutional Quality Assurance Cell (IQAC), was designed to engage faculty members in enriching discussions on academic quality enhancement and innovation.

The event was graced by the presence of Prof. Dr. Qumrul Ahsan, the Vice Chancellor of UAP, who emphasized the significance of the ATF in advancing UAP's academic landscape. He shared his vision for fostering a transformative academic environment and highlighted the role of faculty in shaping the university's future.

The keynote speech was delivered by Prof. Dr. Md. Ashraful Alam, the Director of IQAC at UAP. His address focused on the core objectives of the Academic Transformation Fund, which aims to support innovative projects that can elevate the academic standards of the university.

Dr. Alam provided detailed insights into the operational framework of the ATF and its potential to drive research, curriculum development, and academic infrastructure improvements.

The workshop saw enthusiastic participation from over 50 faculty members, including Assistant Professors, Associate Professors, and Professors, representing various departments across the university. The participants actively engaged in discussions, sharing their perspectives on the fund's potential to support academic growth and enhance teaching methods, research capabilities, and student outcomes.

The workshop successfully highlighted the crucial role of the Academic Transformation Fund in transforming the academic environment at UAP. The discussions were insightful and served as a catalyst for faculty members to think critically about how they can contribute to UAP's academic growth. The collaboration and innovative ideas shared during the event are expected to pave the way for future academic excellence at the university.
